Supporting learning outside of the classroom

Unexpected school closures may occur, but they don't have to impact student learning!

Students need only a device and access to WiFi to complete assignments in or out of school.

Immediate feedback for students and real-time access to data for educators support growth and learning.

Because students are accustomed to using these resources during regular, in-school days, no additional training is required to prepare them for school closures.

myON

myON provides independent reading practice with 24/7 access to thousands of digital fiction and nonfiction books and a personalized literacy experience for every student.

myON News

myON News delivers digital reading practice with daily coverage of high-interest current events and news stories written specifically for kids.

Accelerated Reader

Accelerated Reader is an independent reading practice program with more than 38,000 fiction and non-fiction book quizzes and nearly 2,000 nonfiction articles for students.
