Accelerated™
Maths

- Accelerated Maths helps you practice your maths skills, providing instant feedback on your strengths and weaknesses.
- Your teacher will select skills for you to work on and track your progress.
- You use a tablet, laptop or computer to access assignments.

How does AM work?

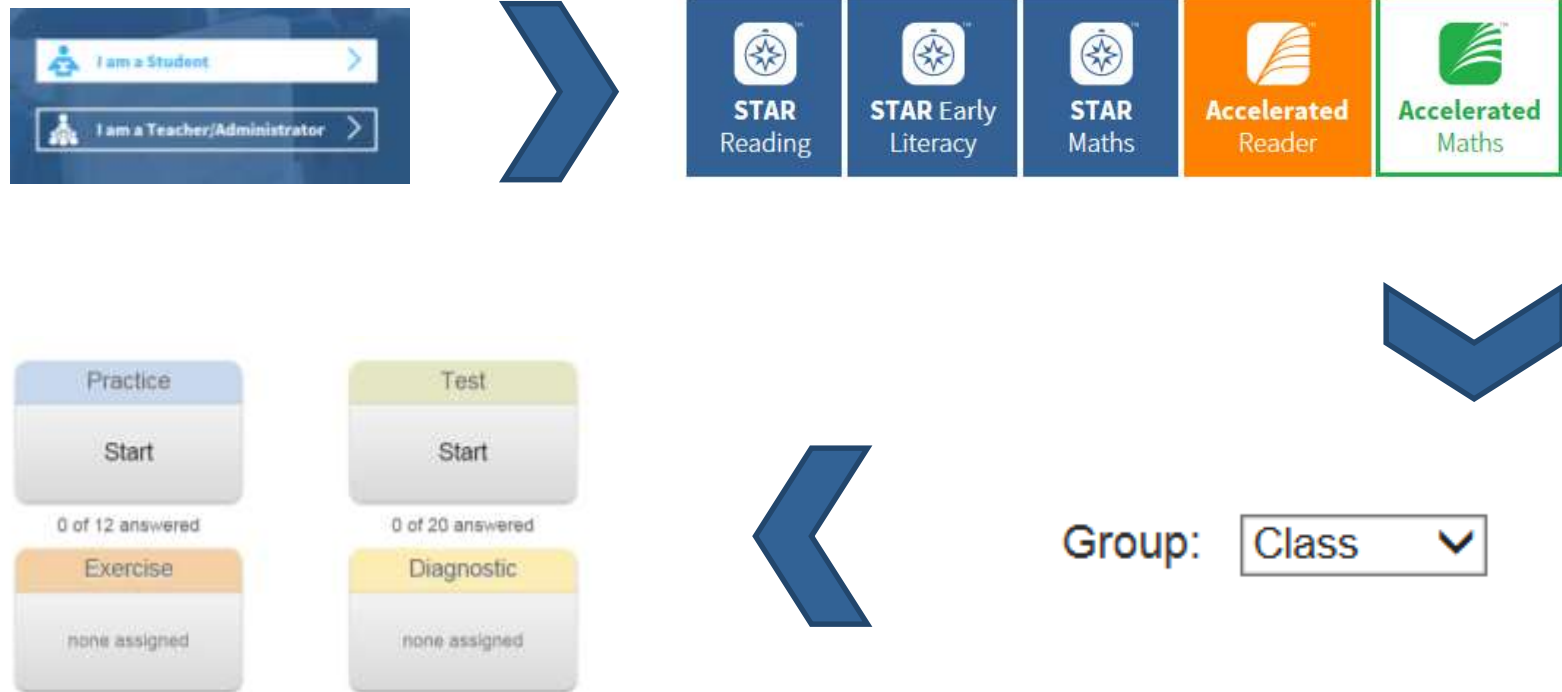

Practice skills.
Use your text
book or ask for
help if necessary

Can you pass
the skill without
any help?

Passed the test?
Congratulation,
you have
Mastered the
skill!

Can you
remember the
skill weeks
later?

The screenshot shows a user interface for an assignment. At the top, a green bar displays the user's name 'Jessamy Hunter' and a progress indicator '10 of 12 answered' with a plus sign. Below this is a white bar with a plus sign and the text 'Problem Help' on the left, and a flag icon and the text 'Flag' on the right. The main content area contains a math question: '11. Bob has saved £7.12. His mother gives him an additional £6.55. About how much money did Bob then have? Give an approximate answer by rounding each figure to the nearest pound.' There are four multiple-choice options: A £13, B £49, C £42, and D £14. At the bottom, there are two buttons: 'Back' and 'Next'.
