

Star Growth Analysis

Term: _____ Class: _____ Teacher Name: _____

1) Refer to your Star Growth Report.

	Number of students	Any commonality?
How many students have made expected progress or more?	20	Students have responded well to status of the class and motivators such as book trailers and whole class projects.
How many students have made less than expected progress but have still shown growth?	2	Both of these students (Carrie and Emily) have special needs. Carrie is on the SEN register and Emily is on the G&T register.
How many students have not made progress?	8	I have several reluctant readers and a few who are persistently absent in this class.

2) Focus on the students who have not made expected growth. Does the AR Diagnostic report provide an explanation?

Student	Participated this reporting period?	Average is between 85%-95%?	Engaged time is above 20 mins?	Has read within ZPD range?	Took a minimum of 20 mins to Star test?	Strategy	Shared with student?
Jess	Y	N	Y	Y	Y	Have her answer the 5W's on paper before she quizzes in the future	04/06
Moe	Y	Y	N	N	Y	Show him his point's targets and explain why reading within his ZPD is so important	04/06
Sarah	Y	Y	N	Y	Y	Liaise with her head of year to ensure she is given access to quiz more regularly	06/06
Michael	Y	Y	N	N	Y	Will have him use book finder to make a list of books we can order for the library	
Dan	N	N	N	Don't know	Y	Check BL of his book using ATOS Analyser and guide him to appropriate books	06/06
Marcus	Y	Y	Y	Y	N	I will supervise him re-Star testing	

Class goals for the term:

Average percentage correct goal: 86%

Engaged time per day goal: 22 minutes

Star Growth Analysis
