

Implementation Phase 3: Establish best practice

During this phase of implementation, you may wish to focus on the following target(s):

- Star test your students at least once per term
- 100% participation in Accelerated Reader each half-term
- Aim for 25-minutes of engaged time per day
- Competition idea: Invite students who achieve their Points Targets to a literary themed party.

Once the initial training is completed, professional development continues through regular free workshops that are offered across the country and remote one hour webinars.

Use the checklist below to keep a record of additional training and actions taken.
